

## **Athlete of the Week**

September 26, 2009

James Cloud of Lake Norman High School

James is a Senior Football player at Lake Norman High School. As a dominant running back on his team, James carried the Wildcats to a win the other week against Statesville High School. With 3 touchdowns and 22 carries for 163 yards it is no doubt that James is a star. Although his accomplishments and performance shine among many, James has not forgotten the importance of team work and strives to be a team player.

As a student athlete, James finds more pleasure in balancing football and school work than challenges. He loves the game and hopes to play not only in college but at a professional level as well.
